

**ROUND 2 INTERVIEW**  
**March 24, 2018**

**JOE DURANT (-6)**

---

**Q. A little tough start out there today but you bounced back real quick. Can you talk about that condition out there?**

**JOE DURANT:** It was tough. The wind was gusty today and the greens were fast, so that combination makes it really difficult. You know, 2 through 6 is a really tough stretch, or 2 through 5 at least. Just didn't get through there very well. I hung in there, made some birdies coming in, righted the ship a little bit and finished even for the day. It will be a good shootout tomorrow. At least I feel like I have a chance tomorrow, just need to get off to a much better start obviously.

**Q. Yeah, 6 under, you're just one behind the lead right now. What can you do to really push that for tomorrow?**

**JOE DURANT:** I'm just going to have to play really well. Steve's swinging great, he's hitting a lot of good shots. He played a super round today, really solid. He's not going to go anywhere, so it's going to take -- and Jeff obviously played a really good round, 5 under today was super. So there's good scores out there, let's hope maybe one will be mine tomorrow.

**Q. Yeah, what are you looking forward to most, do you think?**

**JOE DURANT:** You just work to get in position to have a chance to win on Sunday. I've been fortunate, I've been doing that lately and I'm just going to keep trying as long as I can.

**Q. Yeah, the board looks really interesting this time around, I bet that's going to be real exciting.**

**JOE DURANT:** Yeah, you're going to have to hit quality shots tomorrow. The wind's probably not going to be quite as strong but still going to be strong, and the greens aren't going to lose any speed overnight I don't think, so it will be a good shootout.
